

Saddles, riding pads and saddle accessories

Product 500499 F.R.A. dardo basic Reitkissen uni schwarz

Usage: Saddles, riding pads and saddle accessories are used to make riding more comfortable and safer. They provide support and stability for the rider and contribute to the horse's well-being.

Materials:

Saddles: leather, imitation leather, synthetic materials, metal (e.g. steel, aluminum)

Girths: Leather, Nylon, Padding (Neoprene, Gel)

Stirrups: metal (e.g. steel, aluminum), plastic

Stirrup leathers: leather, synthetic leather, nylon

Saddle pads: cotton, polyester, foam filling

Dangers:

Mechanical hazard: Improper use or damaged parts can lead to injuries to rider and horse.

Choking hazard: Small parts such as screws or clips can be swallowed, which is especially dangerous for children.

Allergic reactions: Some materials can cause allergic reactions in sensitive individuals.

Risk of breakage: Under high loads, damaged parts can break and lead to injuries.

Safety Measures:

Handling: Use the saddle accessories only according to the manufacturer's instructions.

Use: Regularly check the accessories for wear or damage and replace any defective parts immediately.

Storage: Store accessories in a dry, cool place, away from direct sunlight and extreme temperatures.

Care: Follow the manufacturer's care instructions to keep the accessories in good condition.

First aid measures:

Mechanical injuries: Take care of any injuries and seek medical help if necessary.

Allergic reactions: If there are signs of an allergic reaction, clean the affected area thoroughly with water and seek medical help if necessary.

Risk of ingestion: Seek medical help immediately if any part is swallowed.
